

game#42

It's got a nostalgic feel to it.

What a nice village-

I mean, what a nice country you've got, Magnolia-san.

Thank you very much.

She surprised me when she called it a temple, but this is totally a Shinto shrine.

Ah... But I guess Shinto shrines are temples too, huh-?

We will discuss this in detail afterwards.

I will prepare food for you.

Such a small community being the Village of Japan likely feels odd to Karame-sama and his friends though, since you people know the Former Country of Japan...

"The Former Country of Japan"!? So you really do know where we came from!?

Hm?
This is
pretty good.

Dried
apricot?

Oh,
this is
pretty tasty.

You try
some
too-

Don't
these clean
wooden
floors mean
they must
have some
iron tools
too, right?

Since Rick-
san uses
stone tools,
I figured
they wouldn't
have any iron
tools, but...

Well,
err...

Oh,
what are
you getting
so stiff
about?

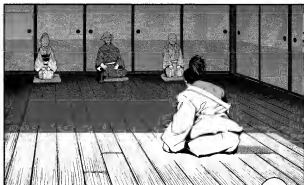

I think
that kid over
there has been
staring at us
for a while
now...

Can we really trust those people?

Hmph.

Anyway, the issue lies with the outsiders that Rick brought here.

Hm, very well.

The Doume cannot get through that case.

Even if they were to tell you, they'd have no choice but to give up.

I believe there is nothing for the Country Chief to worry about.

They are two young boys who have honest dispositions.

Hmph, well, alright.

Without his support, I wouldn't have been able to subjugate the Doume.

Kaname may be young, but he's quite formidable.

These mysterious outsiders are causing trouble on the island.

Unfortunately, even under ordinary circumstances, during the terrible times when the Doume are active, they only lead to trouble.

Gather the shrine maidens and get them to predict any ill omens.

Even though you know that we could simply leave them be.

So in the end, even the head of the samurai is giving me more to worry about.

As always, you have bad taste.

Hating such a nice name given by your parents that much...

Ooh, how scary.

Old woman Futari! Don't call me by that name...!

You know I hate that name...!!

About this, Minori,

you should not be speaking that way about the hero who successfully subjugated the Doume.

Now, aside from the topic of those outsider boys, aren't you going to offer a reward to Rick for his subjugation of the Doumei?

Now, now, Country Chief.

Shouldn't that much be good for your heart, you know?

Starting today, you are allowed to wield a blade.

Rick, open up the treasury and take the treasured sword, "Doukoku".

Hmph...

Google: Doukoku Tsubune a sword said to have cut off a demon's arm.

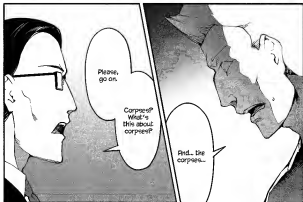

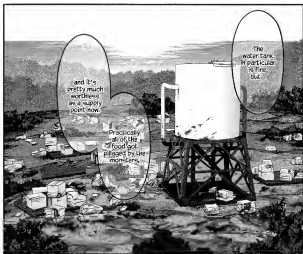

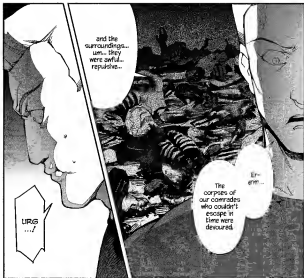

And besides, the Doumei are not your only enemy!

Hmph! It'll be useless even if I left it resting in the treasury!

Are you sure!?

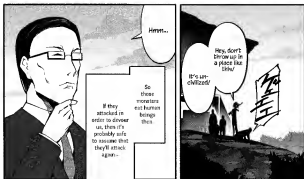

and the surroundings...
um... they
were awful...
repulsive...

The
corpses of
our comrades
who couldn't
escape in
time were
devoured.

Hmm...

If they
attacked in
order to devour
us, then it's
probably safe
to assume that
they'll attack
again...

So
these
monsters
eat human
beings
then.

Hey, don't
throw up in
a place like
this!

It's un-
civilized!

Having insurance on everything is fundamental to survival.

It's because I carefully prepared before the event started.

Never-
theless, I
knew I could
count on you,
Kamashiro-
san!

I never
expected
you'd prepare
for times
like these by
bringing your
own goods!

Is actually everything you have in your hand that is completely lifted up from the ground.

In D-Game, the things brought with you at the time of transfer...
as in, what you "have on hand",

Therefore, as long as you can lift it, you could even bring in a car.

But, how did you manage to bring in all these goods?

Items brought in with a player in D-Game is limited to only what they have on hand.

Allow me to convey you one piece of anecdotal D-Game information.

Yamauchi-san, that is a good question.

Oh, I-
I'm...

Kaname's comrade...
or, how
should I
say it...

Must
be one of
Kaname-kun's
clan members,
right?

So,
who's that
sorry dear
thing?

EH...?

You
shouldn't
screw with
him, you
know?

Yeah. This
guy's Ougi
Kimihiro.

Though he
looks like
this, he's a
talented
Raven
member.

so why
don't we
just get
along?

Well,
we've
all been
punished
to this
isolated
island
together,

Cool!
Scary.

Kaname...!

What we know is pretty limited too, huh?

Well how should I say this. It's a pretty big island.

Our starting position for the event was this shrine here.

Up until now, Magnolia-san and the others have been offering us hospitality, so we don't really know the current state of affairs.

At any rate, the three of us haven't even taken a single step out yet, so...

No matter what, it'll be better than what we know!

Besides, being here means I don't have to do anything, so I can just take it easy...

I got started off early in the event, so I wanted to quickly get in on the action.

but Magnolia-san restrained me, begging me to "Please save our country, Arisu-sama!", so...

Plus, if we stay here, we don't have to worry about food or water.

Is that true?

Yes, since we were told that there were menacing monsters outside.

Her
"Sigil"...
Revelations
from her
dreams,
huh...?

My Sigil
conveyed
the following
to me.

"The Five
Heroes Here
will save our
country from
peril."

We realize
that we're asking
for something
unrealistic from
Arks-sama and
the others, so
it's natural for
us to provide
hospitality.

Now that
Kaname-han's
showed up as
the Foretold,
it's time I got
serious.

Well, I
thought it
was just
some joke
by Magnolia-
san, but...

But, "Please
save our
country from
destruction!"
sounds just
like it came
from a RPG
world.

no being
told some-
thing like that
means it's natural
for me to reply,
"Leave everything
to the Hero
Arks!", you
know? Aren't
I right?"

Truthfully, Shaka would've been pretty promising if she was on this island though.

Say, Magnolia-san.

On this island, do you know approximately how many Doors there are?

However, the biggest issue is the difference in numbers.

There are currently 152 people hunting!

You realize that all the surviving players combined only makes 152 people, right?

No, I
wouldn't be
surprised if
there are over
five thousand
by now.

Three
thousand...

Easily a
thousand
times our
five people,
huh?

FIVE
THOU-
SAND...

I'm forced to stay home everyday to care for my mother, who has been sick for over 15 years.

Gay
Magnolia-san,
the Doume,
rather than
Din Island...

They made
the entire
Island's sea
their domain,
didn't they?

Yes, it
couldn't
be...!

They rode
gigantic sea
monsters
called
"shirafuna."

in the
first place,
the Doume
appeared from
outside of
the island to
pursue us.

Yes.

What do
you mean by
that...?

It's not the
Doume...?

is not the
Doume

However
please don't
be mistaken

The "Village
of Japan's
crisis" that
I reported to you all

THE NATION
THAT WILL
RESPECT THIS
COUNTRY IS
NEITHER THE
DOUME NOR
FAMINE...

THE
CRISIS OF
THIS COUNTRY
THAT MY BOSS
SAWED ME...

Approximately how many of their people are armed?

He said this island would definitely have 1000 or more natives living on it.

It was exactly as Kaneshiro-san predicted.

More, though...

We're in luck!

Let alone guns, they don't even have swords. The best they have are stone spears and bows.

Yeah, but we were specifically selected to track down Kaname-san so all other missions are—

Didn't you hear Kaneshiro-san's instructions for what to do if we found natives?

What's up with you guys?

Are we going to keep on the lookout here for Kaname-san and the others?

But, what'll we do from here on out?

*That's
exactly
why we're
doing it.*
